Subject to research

**Scope and Coverage**

AGRICOLA (AGRICultural OnLine Access) is a database created and maintained by the United States Department of Agriculture. The database serves as the catalog and index for the collections of the United States National Agricultural Library, but it also provides public access to information on agriculture and allied fields. The National Agricultural Library holds more than 3.5 million items covering all aspects of agriculture and related sciences. AGRICOLA covers wide variety of publications including agriculture and its allied fields, including, animal and veterinary sciences, entomology, plant

sciences, forestry, aquaculture and fisheries, farming and farming systems, agricultural economics, extension and education, food and human nutrition, and earth and environmental sciences.

***Kind of Information***

Within an entry detail bibliographic information includes type of document, title, editor/author names, publications details, physical description. Each entry also includes NAL location, call number, number of items, status, notice of cancellation. An example is given below for clear understanding.

**Type of Material:** Book

**Author(s):** [Eise, Jessica, author.](#)

[Hodde, Whitney, author.](#)

**Title:** The communication scarcity in agriculture / Jessica Eise and Whitney

**Published:** New York, NY : Routledge, 2017.

**Description:** 139 pages ; 19 cm

text

volume

**Location:** Stacks

**Call Number:** [S494.5.C6 E374 2017](#)

**Number of Items:** 1

**Status:** Available

**Cancellation Notice:** None

### ***Special Features***

- ASK and Help option present.
- Links to NAL Thesaurus.
- A very good contact option available.
- Frequency of regular modification is good.

### ***Arrangement Pattern***

The subjects are arranged in alphabetical order. One can browse the AGRICOLA documents by subject wise. Alphabetical list of subjects are as follows.

Animals and Livestock  
Education and Outreach  
Food and Nutrition  
History, Art and Biography  
Laws and Regulations  
Marketing and Trade  
Natural Resources and Environment  
Plants and Crops  
Research and Technology  
Rural and Community Development

### ***Remarks***

The depth and richness of the collection make it a unique resource, with many materials not available anywhere else in the world.

***Comparable Tools***

- Bibliography of agriculture and landholding (<http://hum.leiden.edu/lia/formation-of-islam/topics-economy/bibl-agr.html>)
- FAO Catalogue Online (<http://www4.fao.org/faobib/>)

***Date of Access***

January 24, 2016
