1958-

Singer, songwriter, dancer

A powerfully creative and disciplined artist, Michael Jackson is a distinctive vocalist, an imaginative and original songwriter with a gift for turning his own experiences into powerful lyrics, and a dancer almost without peer. Keeping control over his own career, he ruled pop and rhythm-and-blues music charts throughout the 1980s. Jackson's private life has proven just as fascinating as his music and dance moves.

The lead singer of the beloved family group the Jackson 5, Michael Jackson was in his early twenties when *Thriller* catapulted him into the ranks of the rich and famous. He has never matched the success of *Thriller*, and in the 1990s his career suffered serious reversals, the most damaging of which may have been the accusations of child abuse leveled against the singer in 1993. By the late
