The Plant Directory

Brief History

This website has been trading online since 1999 and moved to the current premises at Scawsby Hal Nurseries in Doncaster in 2002.

Scope and Coverage

It provides information about a huge variety of plants and seeds like: climbing plants, fruit garden, garden plants, herb garden etc. It also covers information about garden buildings, water gardening, outdoor living, garden shop etc. Reviews on plant care are also covered in this website. Selling and shipping of the sold products are limited in UK only. This directory is specific in nature as it covers only information about plant.

Kind of Information

This web site provides information about twelve types of plants and seeds. Those are - climbing plants, fruit garden, garden plants, herb garden, trees and shrubs, vegetable garden, grass seed, hedging plants, indoor plants, interior landscaping, carnivorous plants and johnsons seeds.

Simultaneously, in the “Garden Building” category it provides information about apex greenhouse - safety glass, apex greenhouse - standard glass, lean-to timber greenhouses, octagonal timber greenhouses, painted timber greenhouses, greenhouse shed combinations, potting sheds, garden sheds and storage, summerhouses, children playhouses, dog kennels, chicken coops.

The “Water Gardening” category gives information on water feature reservoir kits, water feature reservoirs/grids, water feature pumps, solar pond and feature pumps, hose and fittings, contemporary water features, stone and granite water features, waterfalls, natural rock water features, resin water features, fountains, lights for water features/ponds, algicides, ponds and pond equipment, pond plants & planting equipment.

The “Outdoor Living” category includes information about sledges, garden features, garden furniture, garden lights, garden obelisks & garden planters.

“Garden shop” category includes the information about different products with their prices and also the information whether they are sold out or not.

In all cases, a suitable picture is given as the icon of that particular topic. While a topic is searched at micro level, it shows the original path. Such as at the time of finding information about deciduous shrubs the path is shown like:

[Home](#) :: [Plants & Seeds](#) :: [Trees and Shrubs](#) :: [Deciduous Shrubs](#)

Then the name, price, photo etc. can be found about a particular shrub like the following:

£8.99

Arrangement Pattern

All the sub categories under “Garden shop” are arranged alphabetically like:

Brackets and Hooks Bird and Wildlife Products Carnivorous Plant Composts Clearance Items

Then, the divisions of sub categories are further arranged alphabetically at the micro levels like the following:

Bird and Wildlife Products	Carnivorous Plant Composts	Clearance Items
<ul style="list-style-type: none"> ▸ Bird Feeders ▸ Bird Feeding Stations ▸ Bird Food ▸ Wild Bird Nest Boxes ▸ Wildlife Homes ▸ View all 	<ul style="list-style-type: none"> ▸ View all 	<ul style="list-style-type: none"> ▸ Bird and Wildlife Products ▸ Garden Lighting ▸ Garden Sundries ▸ Plants ▸ Water Features ▸ Garden Accessories

But in other cases category wise arrangement can be seen. Such as, the sub categories under plants and seeds are arranged like:

PLANTS & SEEDS

Trees and Shrubs

- ▶ Deciduous Shrubs
- ▶ Conifers
- ▶ Evergreen Shrubs
- ▶ Roses

Remarks

It is a current tool to know about a lot of plants and seeds and their care & treatment. It is a good media for online shopping of plant related products, as those products are advertised here with price and specific details. Purchased products are shipped throughout UK also. Ideas of gardening and making of greenhouses can be known also.
