Government of New Zealand

Scope and Coverage

The New Zealand Government Directory Online arms users with the essential intelligence to: Identify, understand and communicate with relevant individuals and areas of the public sector. It follows regulatory and legal changes in progress, policy and political announcements, politically related speeches, news releases and social media conversations. It covers Parliament information, Governments departments, Organizations, Local Govt., Diplomatic Crops, and Judiciary etc. of New Zealand Govt.

Kind of Information

It gives users the ability to: Create customized databases that can be sorted, collated and managed 'who's who' in Government; decide how they relate to users and who to go through to get to the people users need to connect with; Use tools, templates and protocols to engage with central and local government. Stay in-the-know with all the latest announcements and key dates along with reshuffles, new MP profiling and party policy announcements; identify the people, departments and committees relevant to the people. Access to latest speeches, news releases, reports and critical event updates which will add further insight to aid in selection of information and timing of activity. Have recourse to an easy reference tool.

It contains the key information the people need to understand what is happening in politics, and to plan and manage their relationship with the country's most important and critical public sectors decision makers and influencers.

It contains real-time feeds as political announcements are made, and its unrivalled content is easily accessed through an advanced digital interface that offers unique search and list-making functionality.

Critical data is continually updated, with the entire content reviewed and updated on a regular basis.

The essential database offers a wealth of searchable information at users finger-tips, enabling them to identify the people you need to connect with. The data includes:

- Biographies and contact details for all Ministers and Members of Parliament.
- Information on Cabinet, Select Committees and the workings of Parliament.
- Details of all major Government ministries, departments, statutory bodies and agencies, the judiciary, diplomatic representation and local government.
- Contact details and mailing list creation functionality.

Special Features

- ❖ Latest govt. news is frequently updated here to keep up to date its users.

Remarks

The New Zealand Government Directory is the country's most comprehensive source of information on Parliament, politics and the public sector available from one location.
