**Handbook of Terminology Online**

Welcome to the Handbook of Terminology *Online*

**Editors:** Hendrik J. Kockaert & Frieda Steurs  
KU Leuven/University of the Free State/Université Catholique de l'Ouest (UCO)

The *Handbook of Terminology (HoT)* aims at disseminating knowledge about terminology (management) and at providing easy access to a large range of topics, traditions, best practices, and methods to a broad audience: students, researchers, professionals and lecturers in Terminology, scholars and experts from other disciplines (among which linguistics, life sciences, metrology, chemistry, law studies, machine engineering, and actually any expert domain). In addition, the HoT addresses any of those with a professional or personal interest in (multilingual) terminology, translation, interpreting, localization, editing, etc., such as communication specialists, translators, scientists, editors, public servants, brand managers, engineers, (intercultural) organization specialists, and experts in any field.

The *Handbook of Terminology Online* will be expanded and revised annually. It also offers reference interlinking through CrossRef DOIs. You can use the links in the navigation bar at the top to access general information on the aim & scope of the handbook, on subscription and pricing, and on how to contact the publisher or the editors.

If you are interested in obtaining a demo or trial subscription, please register through [Trial](#).

A **print edition** is available as well.

## Publisher

John Benjamins Publishing Company

## Brief History

John Benjamins Publishing Company is an independent, family-owned academic publisher headquartered in Amsterdam, The Netherlands. This company offers an academic publishing program in Linguistics, Translation Studies and Terminology, Psychology, Philosophy, Literary Studies, Art and Art History. In March 13, 2015 the John Benjamins Publishing Company had published this handbook in printed as well as online form. Some of its other online publications are *Handbook of Pragmatics Online*, *Handbook of Translation Studies Online*, *Bibliography of*

Pragmatics *Online*, Translation Studies Bibliography, Bibliography of Metaphor and Metonymy.

### ***Scope and Coverage***

The handbook covers wide range of terminology regarding the fields like linguistics, life sciences, metrology, chemistry, law studies, machine engineering, and actually any expert domain.

### ***Kind of Information***

The *Handbook of Terminology (HoT)* aims at disseminating knowledge about terminology (management) and at providing easy access to a large range of topics, traditions, best practices, and methods to a broad audience: students, researchers, professionals and lecturers in Terminology, scholars and experts. In addition, the HoT addresses any of those with a professional or personal interest in (multilingual) terminology, translation, interpreting, localization, editing, etc., such as communication specialists, translators, scientists, editors, public servants, brand managers, engineers, (intercultural) organization specialists, and experts in any field. In this *Handbook of Terminology (HoT)*, the symbiosis of Terminology with Linguistics allows a mature and multi-dimensional reflection on terminological phenomena, which will eventually generate future applications which have not been tested yet in natural language.

### ***Special Features***

- The *HoT* offers added value, in that it is the first handbook with this scope in Terminology which has both a print edition (also available as a PDF e-book) and an online version. The advantages of an online version are obvious: it is more flexible and accessible, and in addition, the entries can be regularly revised and updated.
- The *HoT* is variously searchable: by article, by author, by subject. It includes article, author and subject indexes.
- The *HoT* obviously is linked to the *Handbook of Translation Studies*, not in the least because of its interdisciplinary approaches, but also because of the inevitable intertwining between translation and terminology.
- All chapters are written by specialists in the different subfields and are peer-reviewed.
- Lots of references are used in the articles.
- The *HoT* is published in English and the publisher plan for translations in Chinese and Arabic of all the articles.
- John Benjamins Publishing Company offers the opportunity to test and explore the Handbook. For this purpose contact should be made with the subscriptions department at **bbr-subscription@benjamins.nl** to register for a free 7-day trial. A user ID and password will be sent to the user by email.
- It also offers reference interlinking through CrossRef DOIs. One can use the links in the navigation bar at the top to access general information on the aim & scope of the handbook, on subscription and pricing, and on how to contact

the publisher or the editors.

**Arrangement Pattern** In this handbook the articles are arranged alphabetically under the title of the articles. The contents also are arranged alphabetically by the name of the subject key words and the authors' name.

**Remarks** The *Handbook of Terminology Online* is an expanded and annually revised reference source. The usability, accessibility and flexibility of the *HoT* depend on the commitment of people who agree that Terminology does matter and this handbook therefore invited their feedback regarding the services the handbook provides.
