Brief History

StudyAbroad.com offers a comprehensive handbook of study abroad programs, including summer study abroad, internship, service learning and volunteer abroad programs, high school study abroad, intensive language programs and more, all organized by subject or country or city. This handbook came into reality in 1995 by EducationDynamics, LLC.

Scope and Coverage

In this handbook users are given a fantastic way for one to search for Study Abroad Programs by level, type and country. Users can Search by program level such as Gap Year, High School, Undergraduate, Graduate. They can Search by program

type such as **Intern Abroad** – to gain vital job or business skills, to find International Internships by country and work type; **Volunteer Abroad** - Volunteer Abroad in a country that interests one, for the amount of time one have whether a week, a month or a year, in the type of volunteer work that would be meaningful to them; **Teach Abroad** - it is a wonderful way to learn and educate at the same time which make possible to get specific information; search by country, duration and even audience; **Intensive Language** – it immerse the users in a foreign language sounds stimulating, search by country, duration and naturally the language they want to learn; **Full Degree Abroad** – if studying overseas appeals to the users, but for an extended period, they can find associates degrees, courses, diplomas, undergraduate and graduate certificates, bachelors, masters and doctorate degrees by country and specialty. Users can search Study Abroad Programs by country. As for example, whether one is starting out in the United States and looking into Study Abroad Programs in Europe, or he or she are in France and want to study fashion in New York City, then can use location as his or her motivator. In fact, each country may have several popular cities to choose from. Here each place is an opportunity to study, explore the landscape, art, culture and enjoy making new connections.

Kind of Information

Study Abroad Programs give its users the opportunity to experience the world as the classroom. Rather than picking things up from books and the Internet, navigating a new landscape may open the eyes of them to culture, history, a new language or heritage. Studying Abroad opens the door to personal growth and discovery too. This handbook makes its users familiar to foreign languages, foreign cultures, their food habits etc. It is bound to boost their confidence, teach them self-reliance and stretch the parameters of the comfort zone. At the home page of the site, the Study Abroad option gives its users to know various information on different study abroad programs in different levels, different types, and in different countries. Users can also separately search for specific programs. As for example if one wants to know all about the Internship Abroad Programs in India then the handbook gives provision to search for the programs in cities in India, terms and work types. If he wants to search for programs in Delhi in summer for nursing training then he have to select all the desired types provided in the top portion of the page in a top down menu and then find the internship programs on that subject in Delhi. The handbook provides detailed about the listed a programs, like location of program, program type, degree level, term, work types, program description, setting description, cost for the program etc. Users can also find the exact information another type of study programs in a desired city of a specific country on a specific subject in a specific time of a year.
