Brief History

Subject to research

Scope and Coverage

NewspaperARCHIVE.com is an online database of digitized newspapers. It claims to be the world's largest newspaper archive with over 2 billion news articles, with coverage extending from 1607 to the present from US, Canada, the UK, and 20 other countries.

Kind of Information

NewspaperARCHIVE.com, the largest historical newspaper database online, contains tens of millions of newspaper pages from 1607 to present. Every newspaper in the archive is fully searchable by keyword and date, making it easy for users to quickly explore historical content.

NewspaperARCHIVE.com is adding newspaper pages faster than anyone can search them - with one newspaper page added every second - that's over 80,000 images a day, or about 2.5 million pages per month.

AccessNewspaperARCHIVE is a program through which libraries, schools and other institutions can provide their online resources to constituencies ranging from private historical societies to local and school libraries, college campuses, or even entire states. Hundreds of institutions worldwide are taking part in this program.

Free Newspaper Archive Historical Collections:

The millions of newspaper articles organized by a vast assortment of categories, historical events and surnames from 1607 to present. Offering an enormous compilation of digital collections, Newspaper Archive covers more than 400 years of history from the United States as well as many other countries... and growing! Nowadays, it is not always easy to filter through newspaper records by category online. Use their practical navigation system to explore newspaper collections covering everything from significant war history to famous politicians and musicians. These collections are featured in nine categories.
